<Important>
Bring your own computer for oral presentations
All speakers are requested to bring their own laptop computer for their presentation. ICHC 2012 will provide a computer in each session room just in case. Speakers are also requested to bring a backup copy of their presentation data in case of unexpected problems

Personal Laptop Computers
a) Western Japan, including Kyoto, is on 100 V, 60 Hz. The plug type in Japan is type A with two flat blades without a ground pin, the same type widely used in the USA and Canada.
b) Speakers’ laptops must be equipped with a D-Sub 15-pin connector, standard monitor terminal as shown. Some thin, lightweight laptop computers do not have built-in ports.
c) Macintosh users are requested to bring their own adapter cable for connection between PC and LCD projector, and an electric transformer and adapter cable when these are necessary.
d) All energy-conserving functions such as screen-savers, sleep/power saving modes should be disabled on laptops to be used in the presentation.

Presentation and Data
a) Each speaker is requested to bring and set up their own computer by 20 minutes before the start of the session at the PC operation desk which is located at the left side near the podium.
b) After the completion of your presentation, please pick up your laptops at the PC operation desk.
c) Speakers who do not use any visual aids are also requested to register at the PC operation desk at least 30 minutes before the time of their presentation.

For Poster session speakers

a) Speakers are requested to register at the Poster Reception Desk.
b) Posters should be mounted, presented and removed according to the following schedule. Poster presenters are requested to be at the site of the posters at the designated time to answer questions from participants. The poster sessions will not be chaired.
